

Presidents' Letter

From Bill Spinelli, CPIM

Thank goodness, spring has finally arrived and we can enjoy some nice weather. This winter has been a lone one, that is for sure. Spring time signals a few things for this Chapter, first, the closing of another season of meetings and tours. This month we visit Welch Allyn and I hope to see you all there. We also hold annual elections to select new board members to help set up and manage our tours, courses and programs. In the newsletter you will find a list of candidates and for the first time in 8 years my name will not be on the ballot. It has been a pleasure to work on the board and provide the programs we have. I will still see you at those programs. It is a time to look forward and see what tools you need to advance your professional development, whether it is a class, a certification, a seminar or conference. As many companies begin a new budgeting process, express your goals to your management and see if they can put those in the upcoming budgets. Look over the Newsletter, look over the ballot. A separate e-mail will follow with voting instructions and a link to an electronic ballot. Have a great spring and I hope to see you at Welch Allyn.

May PDM

Please join us for a tour of **Welch Allyn on May 22 at 4 pm.** **Welch Allyn** is a global medical technology company. They are constantly innovating to ensure doctors, nurses, and caregivers have the products they need to protect their patients, speed-up their recoveries, and manage their conditions. As a member of Hill-Rom, they are a part of a \$2.8 billion organization with a worldwide presence that helps people get better care inside and outside the hospital.

Please join us for a tour of the Skaneateles Falls, NY facility. This facility includes 2,500 employees who support new product development, marketing, sales, service, and manufacturing. We hope you'll enjoy seeing their operations in a visually managed factory that is continuously improving.

For your protection, any open toe or open heel, sandals, flip-flops, stiletto heeled, and high platform shoes are not allowed in the factory.

Central New York Chapter

Volume 8 Issue 14 May 2018

Date: May 22, 4 pm
